MOUTH PIECE

BLOW-JOB BEAUTY

Dear Marie,

Being tall, leggy, attractive and measuring nearly forty inches around my shoulder blades, getting an uninterrupted passage through University was something of a problem. Sure, it was nice having only to snap my fingers to get instant sexual attention, but - very fortunately, all things considered - I never actually fell in love until I started work. Had I done so at University, no way would I have got my First in Economics.

My husband is incredibly proud of me. Being a total exhibitionist, he loves walking me down the King's Rd. on Saturday afternoons. And when guys whistle or make dirty remarks, instead of getting angry, he becomes erect! Beat that for perversity, right?

Our honeymoon was just outrageous - a month in Antigua during which we hardly ever left the bedroom. One marvellous, drunken night when we ventured out to The ____ Restaurant, Colin came back from the loo to find two hulking great Aussies chatting me up. Well, only one was chatting me up - the other was standing behind me, looking me up and down.

But once again - typical Colin - instead of picking a fight, he bought

"I was subjected to a fast, frantic shag!"

champagne all round and invited the guys back to our hotel for a nightcap. We all got so drunk I ended up on the bed with my skirt up and my T-shirt over my head, Colin fucking the daylights out of me while the Aussie boys sat either side of me, playing with my beautiful breasts.

"Oh, you're not going to let these poor sods go back to their room without a wank, at least?" Colin laughed, so I sat them down in front of the dressing table mirror one after the other, and treated them to a topless handjob. One of them shot so violently, he made a filthy mess on the mirror.

"Well don't just sit there, Paula," my husband said. "Get to your feet and lick it off!"

No surprises for what came next! As I leant forward to lick the mirror, the bigger of the two Aussies grabbed me from the rear and subjected me to a fast, frantic shag - "lovemaking" is a much too sophisticated way to describe his dirty antics!

I'm pleased to say that Colin and I have settled down a bit now - and we're certainly drinking less. He's still jealous, though - a quality I like in a man. A few nights ago he made me lift my skirt when he got in from work, in order to check my panties for naughty stains. He didn't trust the carpenter working on our attic extension, so he said.

But you see, **Big Ones** readers, that's the beauty of blow-jobs - you simply swallow the evidence!

Paula,
West London.

MOUTH PIECE

WOT A KINKY RIDE!

Dear Marie,

The most perverted sexual relationship I ever had was with a riding school-instructress, down in the West Country. She was something of a plain Jane looks-wise, but her slightly harsh, dominant features still appealed to me, albeit in a bent sort of way. She wore her gingery-blonde hair tightly-plaited like a traditional German fraulein - again, something vaguely kinky about this - but in her elasticated jodhpurs, black velvet riding hat and French rubber riding boots, Gillian looked a picture. Add to all this the fact she had at least forty-six inches of tit on her, and you can see why I was so bloody keen on learning to ride!

Gillian wasn't exactly difficult to seduce. One night while I was changing back into my suit in the tack room, she sneaked in with me and bolted the door. In one hand, a bottle of whisky, in the other, a sheaf of pornographic photographs, taken of her by a former boyfriend. Now that, dear readers, is my kind of woman...

We drank the whole bottle within twenty minutes or so, after which

"I got down on my knees in the dirt and licked her clitoris!"

Gillian calmly asked if I'd like to see her titties. With much difficulty, in that cramped tack room, she completely undressed, leaving me achingly erect and desperate to get at her.

"Do you think I should put my boots back on?" she asked.

"Why not!" I smirked - and she also put her riding hat back on for good measure. Only then did she undo my jeans and liberate my big, throbbing prick. And then she paused and asked me if I fancied watching her fuck herself with the handle of her riding crop!

Without waiting for my (altogether predictable) reply, Gillian got to her feet, dribbled on the woven leather whip handle for lubrication, and proceeded to get down to a really kinky wank. It seemed only natural to get down on my knees in the dirt and lick her clitoris, even though it was her mind-blowing tits which I wanted most of all.

The thing about Gillian is, she likes to dominate - and be dominated. With this apparent, I pushed her down on her knees and masturbated directly into her warm, sweaty cleavage, thrilling to her lurid dirty-talk as I worked my cum up to boiling point and vented it over her upright nipples and the rest, full into her cleavage.

Despite all this, my lasting - and most loved - impression of Gillian was the special birthday treat she provided one drunken Sunday afternoon: riding her favourite hunter-chaser around her covered barn, wearing just her riding boots and black stockings. She later revealed that she'd completed the course with a chestnut sandwiched between her labia, "for extra kicks."

Three years later, I'm still looking for a nice, normal girl!

Jon,
Newbury.

MOUTH PIECE

ALL CREAMED UP!

Dear Marie.

Now that I'm in my mid-thirties I'm more into self-preservation than self-abuse (if you'll pardon the expression), and every night at bedtime I cover not just my face, but my breasts, with cold cream. With a bust measurement of forty-two I'm scared stiff of waking up one day with stretch marks. And besides, I happen to be very proud of my "Big Ones," which, touch wood, haven't drooped one little bit.

It was during the Easter holidays something unexpected happened -

"I happen to be very proud of my 'BIG ONES'!!"

one of those strange, sexy things that you could never predict in a month of Sundays. My eldest daughter Kate had brought a friend of hers down from university to spend the hols with us, a pretty, pleasant, but slightly strange girl, called Miranda. I suspected right from the start she was gay, but of course I didn't dare suggest as much to Kate.

Anyhow, on Good Friday evening, Kate went to bed early with period pains, leaving Miranda and me watching TV and pigging-out on chocolates. After the late movie I said goodnight and went to my room to prepare for bed. I was sitting at the dressing table, painstakingly anointing my breasts with Nivea, when - to my surprise - Miranda walked in without knocking. She had a smile on her face I didn't like the look of one little bit.

"Yes?" I inquired.

"Would you like me to do that for you?" she said. I paused - in two minds whether to kick her out - and then had an inexplicable change of heart.

Sex? And with a girl? My last time was fifteen years back, with my swimming instructress. And what with my husband having died three years ago, there was no denying I'd been missing it.

"Lock the door," I whispered. "I'll kill you if Kate finds out!"

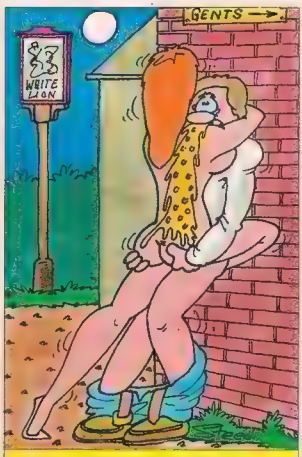
Miranda turned the key in the lock, turned to face me and - sporting a positively evil grin - whipped up her nightie to reveal she was wearing a harness dildo. Cheeky little butch bitch!

"How did you know I was femme?" I asked. "Because I was named?"

"She pushed my knees up into my bosom!"

"It's obvious," she said, as I got to my feet to step out of my panties. "And anyhow, I saw you in the mirror at breakfast this morning, staring at my bottom when I answered the door to the postman."

Miranda was a naughty fuck for one so young, climbing between my thighs to get access to me in the missionary position, but boring it most definitely was not. Once she'd skewered my wet, willing cunt with the first few inches of rigid pink rubber, she pushed my knees up into my bosoms so that she could feast her eyes on my engorged womanhood.



"Uurgh! I knew I shouldn't have had that last pint!"

"Love it when you talk dirty to me!"

And she was every bit as taken with my big boobies as my late husband, sucking my nipples voraciously as she rumped me with her ten-inch strap-on. But if she thought she was bursting into my room and taking wicked liberties without so much as a by-your-leave, she had another thing coming, this uppity little dyke!

"She squeezed a come out of me with her rubber dick!"

"Right, you," I said, after she'd squeezed a come out of me with her horrid rubber dick. "Get down on all-fours and spread those knees!"

My, you should have heard the hissing and cursing when I turned tables on her! I didn't bother strapping the dildo on. Instead, I crudely dipped it in my bedside pot of Nivea and tupped her from the rear. She was virgin-tight in spite of the lubricant, but once I'd worked it all the way up her, I rested my boobs on her taut little arse, then put my hand under her belly and tickled her twat till she came.

"Oh, one more thing before you go to your room, madam," I said to her. "If you try it on with my Katie, you'll have me to reckon with, okay?"

Bloody Lezzies - give 'em an inch and they'll take ten!

Melody,
Bognor Regis.

MOUTH PIECE

MY BIT OF ROUGH

Dear Marie,

I'm forty years old and in the legal profession - I can't tell you my exact position for fear of blowing my cover, but suffice to say it is a senior one and I have the respect of all my colleagues. Respect, that is to say, and admiration, because one of my less-heralded virtues is a bust measurement in excess of forty-two inches, which contrasts more than somewhat with my narrow waist and long legs.

Anyway, enough of this narcissistic rambling. The point of this letter is to tell you about the one and only time I have been imprudent enough to enter into a relationship with a client, a wealthy man who I defended in a sex-offence case and was subsequently acquitted.

The case was unusually "juicy," in the course of which the defendant's bizarre sexual predilections came to light - as did the fact he was inordinately well-endowed. By the end of the three-day trial I had become thoroughly besotted by the man - a real-life Svengali and a handsome devil, to boot.

John - as I'll call him - was equally besotted with me, and in particular, my big breasts. With the case behind us, we had a celebratory dinner at The ——, though all we really wanted was to check in at our hotel and to go to bed together.

Don't get me wrong - John was no smooth-talking debonair type. He was a builder by trade, a giant of a man and incredibly intimidating with his shirt off and his muscles and tattoos on display. But when, like me, you spend your whole life - business and social - in the company of public school-educated smooth-talkers, it's a rare treat indeed to get into the pants of a real man - and less of that "she-likes-her-bit-of-rough" chatter at the back, if you don't mind!

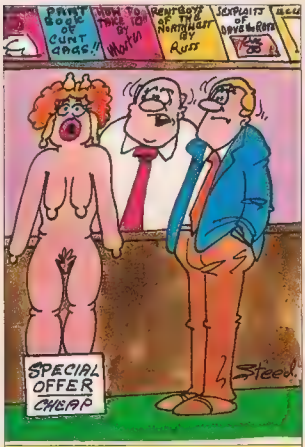
"Oooh, the joy of having my pussy flicked open by his tongue!"

I don't know who was the most desperate - John to get into my bra and help himself to my lovely big titties, or me to get his trousers off in order to sit on his allegedly enormous cock! In the event we were both so nervous we consumed two bottles of room service champagne before we got undressed.

Above all else I wanted to make an impression, a filthy impression, so after I'd shed my bra and panties, I made John lie on the bed - Ye Gods, enough prick to play baseball with! Then, slowly and sensually, I knelt astride his handsome face and slowly lowered myself onto his mouth. Oooh, the joy of having my pussy flicked open by his wiggly-waggly tongue!

And then, to complete our soixante-neuf, I leaned forward and sucked his huge prick. It wasn't just its length which was freakish, but its amazing thickness - a fraction thicker than my wrist, I tell you! I had to actually stretch my lips to encircle it and when I let a string of spittle trickle down its shaft, John gave my arse a healthy whack and called me a "kinky cunt." It appealed to me, did that...

But although it felt as if he was doing his level best to get his head up my pussy, I could sense it was my plump, dangling boobies he wanted most of all. With this in mind, I took his giant prick out of my mouth and commenced idly wanking it into my cleavage. Shit, we were so damned good together!



"It's made from recycled condoms!"

"Oops! Sorry about that! Thought you were a bloke in drag!"

"John is the only one I've heard ejaculate!"

I could tell from the way John's balls were gyrating in their sac that his orgasm was imminent but, of all the men I've fucked and sucked over the years, John is the only one I've actually heard ejaculate. I promise you, it's absolutely true! He gasped, his balls went tight and with a crisp "ptt!" sound, a positively revolting (nice revolting, not nasty!) slew of sperm erupted over my big, bobbing boobs, leaving my swollen nipples dripping with goo.

Ten or so minutes later and we were fucking like animals - on and on and on until the first chink of daylight shone through the blinds. By way of a memento, a "little something" to remember him by, John sent me a rubber replica of his erect cock, made by a sculptress friend of his from a plaster cast. I won't deny I've used it a few times, either!

MOUTH PIECE

SORE NIPPLES? HERE'S THE CURE!

Dear Marie,
Being very young and athletic, yet "cursed" (if that is the right phrase) with a disproportionately large bust, going jogging is full of problems. Initially, I was more concerned about foul-mouthed lorry drivers than the dreaded jogger's nipple, to prevent which I strapped my boobs down with elasticated bandages. Well, that was fine in the winter months - no leering truckers, no tender nipples - but in mid-summer I get so sweaty, being all trussed-up under my T-shirt is a misery.

"Two laps of the running track and my nipples were as red as strawberries!"

So I abandoned my bandages and, sure enough, after two laps of the running track in the park last night, my nipples were terribly tender and as big - and nearly as red - as a pair of strawberries. In fact they were so inflamed that when I emerged from the shower in the ladies' changing room my friend Sarah winced and offered her commiserations!

On a more positive note, however, she handed me a jar of zinc and castor oil cream from her sports bag. I dipped my fingers in and scooped some out, but I couldn't help utter an

"...the cold cream came into contact with my swollen tips!"

ouch! as the cool cream came in contact with my swollen tips.

"Here, let me," said Sarah. Naive, unsuspecting fool that I am, I sat on the bench and let her anoint my tender nipples with cream. But even to a renowned thicko like me, it was obvious she was getting carried away.

"By now my breasts were plastered with the sticky cream. The more she kneaded them..."

"They're ever so big, aren't they?" she drooled. "I'm ever so jealous - all that attention you must get! Would you like me to cream them all over?"

I almost died of embarrassment! Hopping over the bench and standing behind me, Sarah put her arms around me and cupped my big, pendulous breasts. I muttered something pathetic about "having to make a move," to which she quickly retorted, "What's the hurry? Don't you like me doing this?"

By now my breasts were plastered

40+ MAGAZINE IS FOR BIG-BUSTED WOMEN...

with the sticky cream. The more she kneaded them, the bigger and stiffer my poor nipples became. It felt as though they'd burst at any second and then - to compound my misery - Sarah put her tongue in my ear and jiggled it around.

"I want to go down on you," she whispered. "Shall I lock the door?"

My mind was in turmoil. Okay, there was no denying my pussy was gushing and I'd have loved nothing more than a healthy fuck with my boyfriend. But I'd never been with a girl before, nor even felt the inclination. Should I?

But Sarah gave me no chance to dither, calmly bolting the door and pulling my running shorts down.

"...the bigger and stiffer my poor nipples became. 'I want to go down on you,' she whispered!!"

Then, getting down on her knees and levering my thighs apart - well, more coaxing than levering - she planted a big, disgustingly wet kiss on my pussy, deliberately dribbling all over me before she withdrew - with a great big smile on her face.

"I made your titties greasy for a reason," she confessed. And then, stepping out of her shorts and proudly fluffing-up her thick black pubes with a hairbrush, "Well? Any guesses?"

The dirty bitch sat astride the narrow bench and lay back to expose her entire genital area. Only then did I realise what she was after...

"You're perverted, Sarah," I said.

"The dirty bitch sat astride the bench and exposed her entire genital area!"

"Do you know that?"

"Yes, isn't it fun!" she giggled, shamelessly. "Well, come on, then - what are you waiting for?"

I don't know what possessed me to play her filthy game, but I did exactly as she wished and squeezed the lubricated tip of my right breast into her pussy. Then - taking over completely - Sarah gripped my slippery tit as best as she was able and jiggled it around in her warm, wet, gaping slot.

"Sarah gripped my slippery tit and jiggled it around her gaping slot!"

"Go on!" she panted. "Have yourself a wank while I'm doing it - I'm almost there!"

I dipped my fingers in the castor oil pot and masturbated frantically in order to "catch up" with her. How we managed a mutual orgasm under these bizarre circumstances was a miracle, but come we did - and very intensely, too.

The above events remain a secret between Sarah and me - and I've told her firmly, there's absolutely no way I'm indulging in an action replay - which isn't to say I'm not grateful for the experience.

Francesca,
Reading.

based on the book by Susan Quilliam & Ian Grove-Stephenson

Based on the book Supervirility (written by counsellors Susan Quilliam & Ian Grove-Stephenson) this video takes over where the others left off.

Supervirility involves the body, the mind, relationships as well as sexual technique. The video graphically takes us through the stages to achieve an equal experience for both partners, where orgasms become easy as well as explosive.

The video will explain that it's pleasure not performance, experience & not achievement that counts to create the perfect state of sexual well-being.
